

4.1—RESIDENCE REQUIREMENTS

Definitions:

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside. A student may use the residential address of a legal guardian, person having legal, lawful control of the student under order of a court, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes. A parent or legal guardian can have only one residence according to the definition. Non-resident pupils are those whose parents or legal guardian do not reside within the boundaries of the District. Ownership of property in the District without physical residence on the property does not qualify a parent or guardian as a legal resident.

The schools of the Bryant School District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, or other persons having lawful control of the person under an order of a court reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parents or guardians for school attendance purposes. Married students must meet residency requirements to attend school.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parents, guardians, or other persons having lawful control of him or her under an order of a court, the person must actually reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the District who is placed under the legal guardianship of a noncustodial parent living outside the District by a custodial parent on active military duty may continue to attend District schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the District or of the education coop to which the District belongs may enroll in the District even though the employee and his/her child or ward reside outside the District. Employees with children in school may request assignment of their elementary or middle school child to the campus that is the same as or is in closest proximity to their job assignment OR, for resident employees, to the campus that is zoned for their home address, space permitting.
