

4.48—STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The Bryant School District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference between the building principal, the student's teacher(s), counselor, a 504/special education representative (if applicable), and the student's parents shall be held before a final decision is made. The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Regardless of the student having earned passing grades, a student who falls under one of the following categories shall be considered for retention or shall not receive credit for the course associated with the assessment. The student:

- does not take the State mandated assessment for the student's grade level or course within the time frame specified by the State;
- takes the State mandated assessment but does not put forth a good faith effort on the assessment as determined by the assessment administrator/proctor.

The Superintendent or designee may wave this provision when the student's failure was due to exceptional or extraordinary circumstances.

Students who do not score proficient or above on state-mandated assessments shall be required to participate in an Academic Improvement Plan (AIP). Each AIP shall be developed by school personnel and the student's parents and shall be designed to assist the student in attaining the expected achievement level. The AIP shall also state the parent's role as well as the consequences for the student's failure to participate in the plan, which shall include the student's retention in their present grade.

All students must successfully pass all end-of-course (EOC) assessments they are required to take unless exempted by the student's individualized education program (IEP). To receive academic credit on his/her transcript in a course requiring a student to take a EOC assessment, the student must either receive a passing score on the initial assessment or successfully participate in the remediation program identified in his/her Individualized Academic Improvement Plan (IAIP) which shall focus on the areas in which the student failed to meet the necessary passing score. Additionally, the lack of credit could jeopardize the student's grade promotion or classification.

To the extent required by the State Board of Education, students in grade eleven (11) and below who do not meet the required score on a college and career readiness measurement shall participate in the remediation activities prescribed in his/her IAIP which may include additional opportunities to retake the measurement.

Such remediation shall not require the student to pass a subsequent college and career readiness measurement in order to graduate from high school.

Promotion/retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

In addition to the possibility of retention or withholding of course credit, students who either refuse to sit for a State assessment or attempt to boycott a State assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following State mandated assessment, as applicable, or completes the required remediation for the assessment the student failed to put forth a good faith effort on. The Superintendent or designee may wave this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.
